

NCMT NEW BARN CONSTRUCTION SAFETY ALERT

October 27, 2008

Dear Parents,

The day is finally here!!!! We are officially under construction as of today, October 27, 2008. Please check the web site (newcanaanmountedtroop.org) regularly for updates on our progress.

It is vitally important that for both safety and insurance reasons that you and your children do not enter the construction area for any reason. The staff has been instructed to explain these policies to the children but we are asking for your help to reiterate the importance of staying out of the construction zone.

Thank you for your cooperation.
